

## Bullseye Scores 2011

Thanks to all participants for helping me run a safe and fun 2011 .22-Bullseye competition. Fourteen total shooters variously attended the eight bullseye matches. Russ Spiller was the only shooter who made all matches. Scoring was determined by dropping the two lowest scores for each shooter (allowing a shooter to miss two matches and still be competitive). Thanks to Greg Wilson for operating the “dinger” to signal “range cold.” I look forward to seeing all of you at the next Bullseye competition and for center-fire shooters, contact me about participating in a center-fire bullseye match.
